## DETAILED ACTION

### *Drawings*

The drawings were received on June 7, 2011. These drawings are disapproved because they are not in compliance with 37 CFR 1.173. Specifically, Figs. 1A and 3 are labeled “amended.” See the highlighted section of the next paragraph.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. **The figure or figure number of an amended drawing should not be labeled as “amended.”** If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either “Replacement Sheet” or “New Sheet” pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### *Reissue Applications*

Due to the related litigation status of this application, EXTENSIONS OF TIME UNDER THE PROVISIONS OF 37 CFR 1.136(a) WILL NOT BE PERMITTED DURING THE PROSECUTION OF THIS APPLICATION.

The reissue declaration filed June 7, 2011 is defective because it is unclear what the “other errors” are.

Claims 1, 2, 4-26 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

The amendment filed June 7, 2011 does not comply with 37 CFR 1.173(b), (c), and (d).

The amendment includes the text of claims not amended or added by this amendment. Further, the amendment does not include, on pages separate from the pages containing the changes to the claims, the status thereof (i.e., pending or canceled), as of the date of the amendment, of all patent claims and of all added claims, and an explanation of the support in the disclosure of the patent for changes made to the claims. Also, Applicant states that “there is additional non-publication prior art which should be considered by the PTO” but does not identify that prior art.
